

## Oberseminar Analysis und Theoretische Physik

**Prof. Dr. Sebastian Herr  
(Universität Bielefeld)**

### **Wave Maps and Bilinear Fourier Restriction**

In the first part of this talk, I will explain the connection between Stein's problem concerning the restriction of the Fourier transform to curved hypersurfaces and dispersive PDEs. In the second part, I will present a new solution of the so-called division problem for the Wave Maps equation.

*This is based on joint work with Timothy Candy.*

**Dienstag, 10.12.2019, 15:00 Uhr, Raum c311  
Hauptgebäude der Universität**

Über Ihren Besuch würden sich freuen:

Prof. Dr. Wolfram Bauer  
Prof. Dr. Joachim Escher  
Prof. Dr. Elmar Schrohe
